MEMORANDUM FOR: Acting Special Planning Assistant to the
 Deputy Director for Support

SUBJECT : Inspection of Agency Vehicles

REFERENCE : Comptroller General of the United States
 Letter B-146974 dated March 8, 1965 to
 the DCI

1. The Comptroller General's report of inspections has been reviewed and discussed with representatives of the General Accounting Office who prepared the report. A total of 61 Agency vehicles were included in the report covering the 1963 registration year. Ten of these vehicles were found to have minor defects as follows:

<u>TAG NUMBER</u>	<u>TYPE VEHICLE</u>	<u>DEFECT</u>
US-1235	1945 Willys Jeep	Parking brake adjustment
US-1237	1960 Plymouth Sedan	Headlight adjustment -
US-1239	1958 Chevrolet Sedan	Headlight adjustment -
US-1246	1962 Ford S/W	Foot brake pull
US-1254	1958 Chevrolet Sedan	Tail light out
		Headlight adjustment -
US-1255	1960 Plymouth Sedan	Windshield scratch
US-1258	1962 Ford Econoline	Turn signal light
US-1261	1962 Ford S/W	Headlight adjustment -
US-1274	1960 Chevrolet Sedan	Tail light out
		Headlight adjustment -
US-1281	1958 Chevrolet Bus	Brake pull

2. Five of the above vehicles were rejected for improper headlight adjustments due to the fact that equipment used by the Highway Branch for adjustment during this period was not properly calibrated. This was corrected and during registration year 1964 a total of 58 vehicles were inspected with only three rejections, a rate of less than 6%.

SUBJECT: Inspection of Agency Vehicles

3. Action has been taken by this office to assure that rejections of Agency vehicles by the District of Columbia inspections are reduced to an unavoidable minimum.

Alan:

In noting the remarks in the attached memorandum from the Comptroller General of the United States to the DCI, Colonel White expressed his dissatisfaction with the percentage (16%) of Agency vehicles rejected on first inspection by the District of Columbia. He feels that all Agency vehicles submitted for inspection should be thoroughly checked and subjected to a pre-inspection testing as rigid as that conducted by the District of Columbia. Colonel White wants to be assured that procedures are in effect that will, in the future, eliminate or reduce to an unavoidable minimum, inspection rejections of Agency vehicles.
